

144,000- 21 – Keep the Faith in the Garden of Green

On April 27-28, 2009, my wife, MariLyn Joy, and I visited the famous Biltmore Estate in Asheville, NC, near the Smoky Mountains. We went especially to see the spectacular azalea garden in full bloom, plus to stay overnight for the first time at the marvelous Inn on the property, partly for a long-overdue mini-honeymoon. As so often happens, Spirit also had other plans for us as well.

As always, we loved being on the verdant 8,000 acres of Biltmore, with its gorgeous landscaping and natural beauty, and with its world-renown vineyards. At the same time, as during prior visits, I also felt a disturbing undercurrent of commercialism. So, I projected to the Vanderbilt owners: Why not also make this garden of green into an educational center where people can learn about, and be inspired to bring forth, green consciousness via organic gardening, renewable energy, and greater spiritual awareness of our rightful stewardship of the environment?

After going to bed early, I slept until about midnight. Upon awakening, above and overshadowing me, I felt the powerful presence of Lord Michael, Archangel of the First Ray of Will and Power. For a considerable amount of time in my dream just prior to this, and now continuing, he spoke his decrees through me to the surrounding area, as well as to the entire planet. I only could remember and discern part of his message, which reiterated the information that previously had been given via Nada-Yolanda: the Smoky Mountain region had reached a high peak of evolution, and it would be inundated sometime after Sananda-Jesus' return, so that this area could begin a new cycle and mission. From this, it seemed that the Biltmore Estate would be part of the area that eventually was to go under water. Still, much good new work could be done here, as well as elsewhere, prior to the major changes to come.

On another tract, or as part of Michael's overall set of decrees, I also was shown the image of a vast devastated area in this region or perhaps elsewhere that looked as if it had been scorched in a forest fire, leaving behind no buildings but only a few blackened tree stumps and grape vines with no limbs or branches. I took this to mean that some major catastrophe or series of catastrophes were about to consume this region and maybe areas worldwide. This was crucifixion, cleansing and transmutation prior to renewal, rebirth, regeneration and resurrection. Seeing this potential, but not fully understanding what it all meant, after feeling Lord Michael depart, I asked him to show me how I was to help in these difficult, trying times.

After going back to sleep, I awoke at 4 AM from another dream with Lord Michael. I did not see his form or body in the dream, but rather just knew without a doubt that it was him. His presence was both extraordinary and yet ordinary at the same time. He showed me a holly tree, and said that for anyone to survive, and thrive after, the upcoming planetary transmutations, he/she would have to be such a holy tree of life that incorporated equal parts of the colors royal blue and green.

By way of interpretation, I took royal blue to represent faith and green to represent wisdom-judgment-justice. Meditating upon, and projecting these colors out to the whole region and to

the entire world, brought me a deep sense of calm, peace, optimism, hope, healing and harmony, and an abiding feeling that all was well and in divine order. Furthermore, by way of confirmation, MariLyn awoke at this same time, and shared later that she knew something deep and important had happened in her sleep, which however she had not brought back with her. Moreover, later I learned that Phillel, Co-Director of Mark-Age/I Am Nation, likewise awoke from a dream of Lord Michael at 4 AM. Clearly, these were incredible events, for in all of my forty years in spiritual work, I never have dreamt of Lord Michael, and Phillel has had only one prior dream contact with him.

After returning to headquarters, at our Wednesday night staff meditation on April 29, this entire sequence of experiences and communions with Lord Michael crystallized clearly in my mind: all light workers of the 144,000 minimum elect are **to keep the faith (royal blue) in the Green Garden of Grace (whose green healing light is all around and within us as one)**. Regardless of the upcoming upheavals and changes, and no matter when or where they occur or what inner or outer form they take, **by our faith (royal blue) we are healed (green), and by being wise green healers we restore faith on Earth.**

As additional confirmation the next day, Phillel was inspired to read and to share with me the following passage from John 15:1-9: "I Am the true vine, and my Father is the worker. Every branch in me that does not bear fruit, he cuts out; and the one which bears fruit, he prunes so that it may bring forth more fruit. You have already been pruned because of the word which I have spoken to you. Remain with me and I with you. Just as a branch cannot give fruit by itself, unless it remains in the vine; even so you cannot, unless you remain with me. I am the vine, you are the branches. He who remains with me and I with him, will bear abundant fruit; because without me you can do nothing. **Unless a man remains with me, he will be cast outside, like a branch which is withered; which they pick up and throw into the fire to be burned.** If you remain with me, and my words remain with you, whatever you ask shall be done for you. In this the Father will be glorified, that you bear abundant fruit, and be my disciples. Just as my Father has loved me, I also have loved you; remain in my love."

Dear friends, here was the reason for my image of the fire that had burned the branches of the trees and of the grape vines at Biltmore. A great fire of light is descending upon us now, this very moment, as directed by Lord Michael. Let us be about our Father-Mother God's business. Let us love God and love one another. In this way, we shall bring forth a new heaven on a new Earth. So be it.
