

## 144,000: 35 – *Imagine a Million*

A little over a year ago, on May 17, 2008, I dreamt that I was taken up in the spirit to the higher realms where I observed El Morya-Mark, who is the Chohan or Director of the First Ray of Will and Power. In his past incarnation, he was the co-founder and co-director of Mark-Age, Inc. Since his transition (death) in 1981, he has continued to guide us at Mark-Age/I Am Nation headquarters here in eastern Tennessee, and to inspire light workers around the globe.

In this dream visitation, I saw that some time ago he had invested \$1,000,000 in a project that now was coming to fruition, such that it was worth many millions of dollars that he would funnel to Mark-Age staff members and to other I Am Nation citizens worldwide. No one knew the time or the way that this infusion would occur. We were to prepare ourselves for this pouring out of Spirit on all flesh by keeping our eye single on serving Spirit only and by being good stewards.

In dreams, money represents manifested spiritual energy. Our spiritual riches may be new thoughts and images, with one clear image being worth a million dollars when it fully manifests. Our manna from heaven may come in the form of uplifted and loving feelings, such that we feel like a million bucks. We have a million latent soul talents that we have developed in prior lifetimes on Earth and in other realms, which now may begin to blossom. Sometimes, money in dreams can be taken literally, meaning that new financial supply is about to come our way.

**Imagine a million:** Be still and know your oneness with our Father-Mother God who is the one source of all supply. Unite eye to eye with El Morya-Mark, Sananda-Jesus, Hilarion-Charles Fillmore, Sol-O-Man/Mary and other ascended masters. See divine energy pouring into your third-eye and imagination faculty. As a beloved child of God, you are worth at least a million!

**Imagine millions:** To facilitate your inflow, visualize 1,000,000 units of spiritual supply going to each of the minimum 144,000 elect, so called because they have chosen to love God and all of His-Her creations. As we see it for others, so is it done unto us. Moreover, with our single vision, we realize that there are no others, that no one is separate from us. Rather, all of us are one, one million times over, in a million different ways.

**Imagine managing a million:** How can you be a better steward of Spirit's supply? What is the one key project for helping others that you will initiate? What greater discipline will be required of you? Let these questions and possibilities percolate in your imagination. Begin right now to update your Christ talents in being a millionaire. Balance your budget and budget more supply for spiritual/healing/helpful projects.

**Imagine millions for billions:** We are in the midst of a global economic crisis, brought about by greed and selfishness. See the balanced sharing of the world's wealth in an equitable fashion. See adequate daily supply for not only light workers but for each and every person on the planet. See the funding of all good, positive and helpful efforts to heal humanity. For each need, **imagine a million**. And give a million thanks to Spirit for this abundant supply.
