

## 144,000: 60 – See Red

**Dream: November 16, 2009:** I was with a wise doctor who was teaching me how to diagnose and treat my friend, Bill Smith, who has Alzheimer's disease. My mentor covered all the contributing mental, emotional, soul-astral and physical aspects of this disorder. He said that its core cause, however, was due to rejecting and forgetting that one is a child of God. To heal this, I was to use my power of **imagination** to see **ruby-red or blood-red regenerative light** throughout Bill's brain.

**Interpretation:** Bill is the diminutive form of William, our power of will. A "smith" is one who works with hot metal to shape it, like a goldsmith (gold is for the light body), a silversmith (silver is for our soul or astral body), or a blacksmith (black is for the physical body). When our fiery light body descends into our cerebrum, it heats it and makes all of its twelve centers or thrones malleable. Then we use our Christ willpower and imagination to regenerate and reshape our cerebral cells and circuits, so that we can birth our golden light body in and through our astral and physical bodies. In mortal consciousness, the "Bill" in us, we have forgotten how to do this.

**See Red in your Head:** Visualize ruby-red light in your cerebrum, which regenerates all its thrones, restoring its 12-fold connection with your I Am Self. Do not see red as mortal man does, meaning "to get angry," which makes you forget that you are a child of God who has come to birth peace and love on Earth. Rather, see cosmic red. Be red in your head. Be reborn.

**See Red in other Heads:** Picture a friend, family member or foe before you. Radiate blood-red regenerative light into this person's cerebrum, which rejuvenates, reawakens and renews it. This person is remade in the image and likeness of God, as His-Her son or daughter.

**Regenerate 1,000 Elect in Syria.** Saul certainly saw red in a mortal sense when he persecuted the early Christians. On the road to Damascus, Syria, however, he perceived the regenerative light of Christ Jesus, which reawakened and renewed him, such that he remembered that he was Paul, who was to heal others' forgetfulness.

See yourself above Syria with Sananda-Jesus and Hilarion-Paul. Visualize red light radiating into the brains of the 1,000 elect in Syria, which renews and revitalizes and rejuvenates them.

The 1,000 elect in Syria radiate their red regenerative light into the minds and hearts of all Syrian citizens. One by one, they awaken from their Saul sleep and remember their Paul perception as "little, lessened, humbled" ones who birth not anger but peace. This reshapes and regenerates the entire Middle East. So be it.
