

Costa Rican Mission: 6 – Blessed Are the Meek

Meditating on the morning of November 16 at El Silencio, I linked with former President Oscar Arias of Costa Rica (1986-1990; 2006-2010) and other Central America leaders. What came back from them was a sense of consternation: Much had improved in the region but so much more needed to be done. There is a Central American Parliament, but it has only minor power, with Costa Rica not even being a member. All Central American nations are members of the Organization of American States (OAS) along with Canada, the USA, Mexico, Caribbean nations and South American states; but it often lacks the authority to resolve and heal regional conflicts. For example, in the recent border dispute between Nicaragua and Costa Rica, Nicaragua refused to comply with OAS recommendations.

After calling upon Hilarion, Chohan of the Fifth Ray of Unity and Integration, an image of a sun cross appeared in my inner vision. The circle or ball represents the sun or Son-of-God consciousness. Within the sphere is an equilateral cross that portrays crucifixion or crossing out of error by applying the four steps of peace, love, cooperation and coordination. Christ Jesus had demonstrated all that the sun cross portrays. In turn, MariLyn and I were to use this ancient, universal image as a focusing/broadcasting device. I envisioned the circle/ball of light around me, with the vertical pole at my spine and the horizontal pole crossing it at about the level of my shoulders; such that the center point of the cross was in the area of my spine behind my throat (will and power) and heart (love) chakras. I breathed in the will of God, spoke the word, and radiated peace and love to all leaders and citizens of Central America.

At breakfast, MariLyn shared her morning’s dream in which El Morya-Mark was teaching a class of 6 young adults. He asked them if they thought they knew which one of them was “getting it” and was ready to advance spiritually. One young man, who was “full of himself,” pointed to one of the young women who had a vivacious and outgoing personality; certain that she was the one. El Morya corrected him and said, “No, look at her,” pointing out a different young woman. “Can’t you see that she is in a pole of light?” This woman was quiet and meek, but fully and deeply engaged spiritually.

Upon awakening, MariLyn saw herself as the second young woman. Throughout her life, she often has been misjudged and mistreated because of her quiet, shy, introverted personality. Spirit, however, knows her heart and has her in a beam of light, just as I had been shown the previous day; which I now shared with her as verification of her dream. To be powerful, all light workers need to be meek and humble.

In a second dream, MariLyn had an uplifting conversation with a 12-14 year old boy. When she left to go to her car, however, several young “toughs” were about to fight one another and possibly harm her. Proceeding cautiously, she got past them and reached her vehicle. This dream conveyed that some of the youth “get it” and need our love and support. Other youth and immature adults on earth and in the astral planes still misuse, abuse and squander their power. Therefore, wisdom, caution and protection are necessary at each step of our way.

We spent the morning walking around the property, particularly enjoying the organic garden and two fish ponds. After lunch, we rested, soaked in our hot tub, and took a long nap. As we slept, Phillel received a communication from Sananda-Jesus, which he emailed to us and we read before supper. Prior to this we had not emailed our day’s dreams, visions and experiences to him. Still, to our astonishment and delight, Sananda’s message further explained, complemented and verified our guidance.

Sananda shared, “From the etheric and celestial planes, coordinated also with higher astral Native forces associated with this hemisphere, we press down from these upper planetary stratospheres in order to circumscribe further the forces of negligent and nefarious attitudes and expressions. We are adding our pressure from all sides, as it were, in order to purify these mortal strains and to lift Earthman into the light of his Christ beingness. . . .

“‘Blessed are the meek, for they shall inherit the Earth.’ For only those who, in meekness, fully and irrevocably submit themselves to the will of God, will inherit the kingdom I am bringing with me through the steady externalization of the I Am Nation on Earth. . . . The power and the strength of the Christ shall be yours to demonstrate in this meekness, as you set aside your mortal willfulness and selfish concern and become the selfless agents of Almighty Father-Mother Creator to transform the third dimensional vibrations into fourth dimensional purity

“We begin now to open up the constricted pathways of man’s resistance. To put it bluntly, we are performing an etheric tracheotomy – symbolically through the throat or power aspect of our representatives of light on temporary sojourn in Costa Rica, grounded also through Tennessee headquarters of our implanted I Am Nation – in order to breathe in the divine will to transform this hemisphere. . . . Love conquers all, and so shall it be on Earth as we revive you with the living breath of life. . . . Breathe in the breath of life I now respire for you, that you may be filled with the divine will to be love in action as my agents of light.”

Dr. Hannibal/St Germain then added: “Guard your force fields to incorporate with systemic balance the rhythmic pulsations of our hieronic input. . . . El Morya and Nada alert you also to their protective and loving embrace. All is in sync. . . . Rest in the joy of this acknowledgement.”
