

## ***InVest: 15 – See a Dome over Concepcion***

Once we have established a dome of light over our home, we can picture a similar dome over any individual, group, city, region or nation. As healers of light, we do this together in I Am consciousness, wherein we can be with anyone, anywhere on Earth, and can team with those in the higher planes. The dome we see descending is that of the New Jerusalem or I Am Nation.

Given the recent 8.8 earth quake in the center or heartland of Chile, we unite together as global healers to work with the ascended masters, angelic guardians and space brothers to anchor a dome of light over Concepcion, Santiago (Saint James) and surrounding area, as shown by the red circles on the map.

Not only has there been apocalyptic destruction of buildings and about 1,000 deaths, but everyone in this whole region has been shaken to the core. People there cannot help but think that the world is coming to an end, and that they are being punished by a vengeful God. Moreover, throughout the Pacific Basin, it stirs up ages-old fears going back to the destruction of Lemuria. Oh no, goes the reaction, here we go again!

We call upon those in Concepcion and the surrounding region to conceive that indeed this is the end of the world as we know it, meaning mortal reality, but it also prepares the way for the conception and birth of the Christ within each soul. The end is also the beginning. It is not punishment as mortal man conceives it, but rather cause and effect. And, our merciful God forgives and calls forth the descent of the Holy Spirit into each receptive soul to bring forth a new heaven on a new Earth.

As horrible and heart-breaking as the earthquake and the over 130 aftershocks have been, they now present a golden opportunity for the people of Chile, with help from around the world, to heal lingering soul scars in all Chileans. For although Chile is one of the most prosperous nations in South America, there is a wide gap between the rich and the poor. Some 30% of the people live below the poverty line. In part, this inequality has contributed to the looting there. Now is the time for greater sharing, cooperation, unity, oneness and harmony.

**Visualization:** Picture yourself in your light body hovering over Concepcion, Chile. With you are the light forms of light workers the world over, who have united in loving prayer for the healing and upliftment of this region. Be aware also of joining with ascended masters, angelic guardians and other beings of light who are directing this re-harmonization and rebirth.

Picture a dome of light over the whole region, which superimposes its higher frequencies down and into the minds and hearts of all the receptive people there. Connect especially with those in Chile who are part of the 144,000 elect, for they will lead the way. Hold the whole region in peace, love, cooperation and coordination, which in time will filter down into every citizen. Yes!
