

InVest: 14 – Be at Home in your Dome

Perhaps the most important and rewarding investment that we make is in our home. After all, where our home is, there is our heart. And, where our heart is, there is our treasure. We are at home in our heart when we love God and love one another. Love encases and protects us.

18 months prior to moving Mark-Age headquarters from Davie, Florida to Pioneer, Tennessee to establish the I Am Nation as a prototype for others to follow, Nada-Yolanda received the following vision that prepared the staff for what they and all light workers eventually would do.

“The entire Mark-Age United Staff were in a field with dark clouds everywhere, facing a geodesic dome that on the outside was very brownish, dark, dull. The door opened and light beings of the most elevating vibration – almost formless, but shimmering individuals without individuality, a host of invisible helpers – beckoned us to come inside the dome. . . . When we got into the building, the light beings closed the door. We turned around. Inside was the most exquisite, light-filled, fully equipped home, a biosphere. Everywhere there was light, there was music, there was beauty beyond Earth material décor. It had every facility for full and comfortable living, with full operations as a business.

“The light beings drifted through the wall to the outside. We could see what they were doing. They were sealing every crevice, every crack in the door; sealing every window, the underground, the roof. It was impenetrable by any force whatsoever, hermetically sealed. Then they moved back into the building with us.

“They said: Resist not evil. Those who have chosen not to serve the light cannot penetrate here. They will swirl around this dome in order to shake, shatter or destroy your being and your purpose and your function. They will create a whirlwind, a tornado, a hurricane, beating against this dome. We have sealed it off; nothing can penetrate or disturb this environment and the functioning within this dome.

“Those dark forces will fight against themselves with such a fury that *they* will destroy themselves. You will do nothing, you will say nothing. You will just pray and mourn and project for peace, love, cooperation and coordination for the light workers everywhere on the planet. The 144,000 must be saved. That is your function; that is your security. That is why you are in here, fully protected, in order to perform your mission.

“The choices that are being made and will be made shall reflect the consequences in individual lives, in societies and in the world itself. Those consequences are of no consequence to you. You did not choose them. They are the consequences of the choices that others have made. Let them make their choices and face the consequences of their choices. . . . God bless you all. God is protecting you all. God is in you all. So be it in Truth.”

Visualization: Picture a dome of white light being placed over your home by the ascended masters and angelic guardians. Once it is fully grounded, the light beings totally seal it off, so that only love is inside it. Be at home in your dome. Be at home in your heart which is in the heart of God. Radiate only peace, love, cooperation and coordination. Thank You, God. Om.
