

## ***InVest: 16 – InVest in a 4<sup>th</sup> Horse***

**On February 8, 2010, in a dream** I was aboard a spaceship where I met with many fellow light workers from around the world and from other planes and dimensions. All of them were like brothers and sisters to me, but by name I only knew Phillel-Philip (co-director of Mark-Age) and my wife MariLyn Joy. We discussed our plan to buy a 4th horse. Phillel cautioned that it would take 27% of the value of the first 3 horses to obtain a 4th horse – there would be a “price to pay.” After wisely weighing all the pros and cons, we decided unanimously to go ahead with the purchase of the horse, knowing that it was Spirit’s will and that we gladly would pay the price.

**In a 2nd dream that night**, aboard craft I conferred with my spiritual teachers. One said that the 4th horse referred to the 4 horses of the Apocalypse in Chapter 6 of the book of Revelation, as received by John (love). In it, with the opening of each of the first 4 seals, a horse of a different color comes forth, upon which a man rides and conquers all aspects of mortal life on Earth. A horse represents spiritual power (Philip) on Earth. Each color represents a different power and/or one of the 4 lower bodies (physical, astral, emotional, mental). The man is the I Am Self.

With the opening of the 4th seal, “[John] beheld a pale green horse; and the name of him who sat on him was Death, and Hell followed after him. And power was given him over the 4th part of the earth, to kill with sword, and with famine, and with death, and with the wild beasts of the earth.” (Lamsa)

Well, have we not witnessed the galloping of this 4th horse in the apocalyptic earthquakes in Haiti and Chile, the latter of which happened on February 27, just 19 days after my dream? It sure appears that the long-prophesied time of major disasters are upon us now. The one in Haiti rippled its shockwaves through our memories of the downfall of Atlantis, whereas the Chile quake literally sent tsunami waves throughout the whole Pacific basin, the past site of Lemuria.

What are we to do? Get on our 4th horse and ride in I Am consciousness; wield the sword and speak the word; broadcast new healing images that help others to bring forth a new heaven on a new Earth. The price we shall pay is the decrystallization of remaining errors in our 4 lower bodies, even as we fuse with our overshadowing light body. For this have we come!

The pale green color partly represents the pale of disease and death. Our right focus, however, is not on the decrystallization but on the new, green, healing images that we receive to re-crystallize our I Am Self in and through our four lower bodies; and that we send out to help others do the same. As Jesus said, Tear this temple down and in 3 days I will rebuild it.

**Visualization:** Picture yourself halfway up a huge mountain, where you rest in a green mountain valley. Your mama (Mother God) brings you a magnificent pale green horse. Lovingly transmute any trepidation you may have that you cannot handle this new level of power. Commit yourself to riding this horse and wielding the sword of truth, knowing well that this sword will be used first on you. Get on the horse, take the reins, speak loving words to the steed, and direct it to begin walking and then striding up the mountain. Ride it with faith and confidence, strength and stability, with and in divine love. As you see it, so must it crystallize and be. Amen.
