

## ***InVest: 13 – InVest in LoVe and ForgiVeness***

On the 3<sup>rd</sup> day of the 3<sup>rd</sup> month of March, we invest in the 3<sup>rd</sup> divine power of love and forgiveness. To become rich in Spirit and to live an abundant life on Earth, no investment is more powerful or rewarding than that in love, mercy, compassion and forgiveness.

**L is for Elder.** To develop and express your Christ power of love, begin by loving The Elder and the elders, meaning God and the godly ascended masters and angelic guardians who oversee your development and love you purely and unconditionally, as a parent loves a child. Love your own elder consciousness, the I Am Self within you. Feel love pouring upon you from above, down into your faith-fortified cerebrum, along the whole length and to the base of the vertical pole of the L that is your strength-filled spine. Envision the rightward flowing horizontal pole of the L starting to carry love into externalization on Earth.

**O is for Open.** Let your heart open as Spirit pours His-Her love into and through it to every part of you and to others and all life. O represents your circular or ovoid heart chakra, which is the center of you, being the 4<sup>th</sup> of 7 major chakras. O portrays an ocean of divine love that flows into and through this power center. O denotes wholeness, completion, centeredness. O indicates zero, the Void or Cosmic Nothingness as the Mother, out of which all things come -- have a heart that has nothing but love flowing through it. O is for protection, for being in a ovoid cocoon or ball of love that is a mantle of protection throughout all the investments that you make. See yourself within a ball of protective loving light that magnetically attracts only good.

**V is for InVestment.** With your heart open, filled and protected, invest your love in yourself, your family, your friends and foes, your business or workplace, and the whole world. V is the third letter in love. V represents the infilling, imbuing and the clothing of yourself in a mantle of loving forgiveness. V is the sixth letter of forgiveness. Give love and you will be given love by Spirit. Forgive and you will be forgiven. V is the down-pouring, outpouring and investment of love in all that you think, feel, remember and do. Love is the key to healing. Find something that you love, invest in it, and share it with others. You will become rich in the Way of Spirit.

**E is for Externalization.** The 4<sup>th</sup> letter E is for manifestation and expression; for being love in action on Earth. In the E, the vertical pole of the original L has 2 more horizontal poles that flow rightward into conscious, physical externalization of elder consciousness. The top horizontal pole represents your superconscious or I Am Self expression. The middle horizontal pole is your soul or subconscious or heart manifestation. The lower horizontal pole is love expressed consciously and physically. Be the E. Be in equipoise, equality, equilibrium and elder consciousness externalized on Earth. Be below, as above. Be without, as within. Be!

**Love Visualization.** See the L whose vertical pole of light is your spine, which links you with The Elder, the elders and your elder consciousness. Feel love pouring down the spine and filling your O of a heart, which becomes a ball of light that grows until it extends a couple feet around your entire body. See Spirit investing Itself via a V into your heart and guiding you as to how you are to invest this love in your life. Be an E, an elder who is filled with love, feels equal with all children of love, and expresses love with equipoise and equilibrium. Be divine love in action.
