

14 – Mary in Moscow

On March 19, 2009, Sol-O-Man/Mary, who is my master teacher, appeared before me as a sphere of brilliant white light, in which I could barely make out her features. My heart filled to overflowing and felt like it would burst with love, which I took as initial verification of her presence. After I had adjusted to her magnificent vibration, she took me in the light body to high above Moscow, Russia.

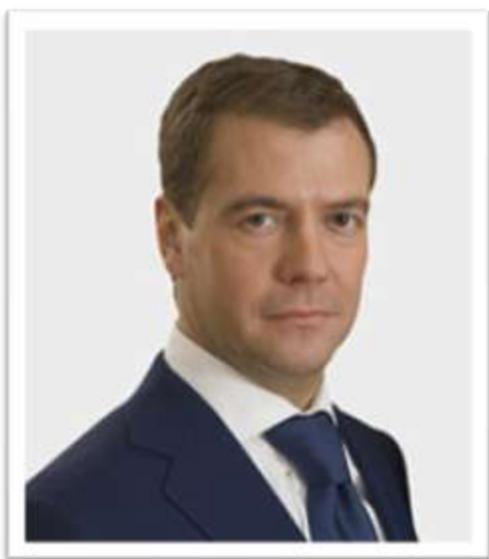

She guided me to join her in broadcasting peace and love to all in this Russian capital, but especially to the elect or I Am Nation citizens there. Moscow is the hub of Eastern Europe; we also can think of this city as being the spleen in the whole lymphatic system of Eastern Europe. In linking with, and calling forth, the 6,000 elect of Eastern Europe, we begin with Moscow, then see the love vibrations radiating out in all directions to all in Russia and the surrounding Eastern European nations.

Sol-O-Man/Mary told me that over the centuries, and especially recently, she has appeared inwardly to many light workers in Moscow and throughout Russia, who were/are receptive and devoted to the Second Coming in both of its aspects: on a personal level, the spiritual awakening of each soul; on a planetary level, the return of Christ Jesus in his light body to lead all on Earth into a new or golden age of *peace, love, cooperation and coordination*. (On December 11, 2002, Sananda-Jesus channeled via Nada-Yolanda of Mark-Age that his redescent would occur sometime in the next 20-40 years.)

Sol-O-Man then directed me to project love and light especially to Russia's political leaders. She seemed to indicate that current President Dmitry Medvedev would be more receptive to our Christ emanations than would his Prime Minister and former President, Vladimir Putin, who still was influenced by past Russian power policies and politics. Furthermore, many in all branches and levels of Russian government, who outwardly seem not to be interested in spirituality, would welcome our inner plane support to help them in transmuting the political process in the capital, and from there in all of Russia.

At the end of our communion and projections, Sol-O-Man conveyed that in the next few days I would receive verification that would confirm our work, and would give me the confidence and the go-ahead to share this experience with others.

Visualization: Place yourself inside an ovoid sphere of Christ light and love that is your light or fourth dimensional body. Before you, see and link with Sol-O-Man/Mary, who is the Twin Soul of Sananda-Jesus the Christ. Picture yourself with her hovering high above Moscow. She is the spiritual mother of Moscow, the beloved and revered mother of all in Mother Russia and the rest of Eastern Europe.

With Sol-O-Man, radiate peace and love to all of the inhabitants of Moscow, which is the largest city in Europe and is the home of the Kremlin, major businesses and the headquarters of the Russian Orthodox Church. Prior to the communist revolution in 1917, Moscow was called the city of 1,600 churches, many of which now have been or are being restored, symbolizing the spiritual rebirth of the whole city.

Call upon all Muscovites to open their hearts to the sacred hearts of Sananda-Jesus and Sol-O-Man/Mary. See peaceful love vibrations spreading out from Moscow to all of Russia, and to all of Eastern Europe. Envision all Eastern Europeans loving God and loving one another. By our collective faith in love, so shall it be.
