

## ***InVest: 29 – Day 5: See and Be***

**Watch, wait, listen, learn, see:** On the 5th day of becoming a wise and righteous judge, rise into, and see with, your all-seeing cosmic eye. From this third eye chamber, wisely and justly judge all that you psychically see and intuitively sense.

**Picture yourself in your pyramid of light.** Note that the pyramid has 5 faces: 4 equilateral triangles and 1 square base. Therefore, it represents the merging of the 4<sup>th</sup> step of learning with the 5<sup>th</sup> step of seeing with the all-seeing eye. The two become integrated as one.

**Rise up into the capstone or apex of the pyramid of light.** In the lower half of this capstone is the third-eye power center of your light body. Your third eye chakra and this light-body third eye become as one single eye. Now you can peer above and below, and to the north, south, east, west. You see into the past and the future, into your soul and the soul record of others, into the celestial and etheric realms of the ascended masters and into the devic and elemental kingdoms, into every place on Earth and in the astral realms. What an eye-popping view!

**This cosmic, third-eye perception is above and beyond the prior 4<sup>th</sup> step of crystal clear analysis of the 4 lower bodies.** It is like climbing a mountain, and near the summit you rise above the tree line where there is little vegetation or animal life. In this elevated state of consciousness, look around and you can see forever on a clear day. Feel oneness with the rocks, the sky, the clouds, with the primal stuff of life.

**Be a wise judge, a woman who holds a scale in her left hand and a sword in her right.** Peer primarily into your own soul, whose records appear on your third-eye screen. In your courtroom on the 5<sup>th</sup> day, the prosecution and defense present deeper, subtler levels of testimony that you weigh carefully with your balance scale. See and put together all these pieces of a puzzle to form a whole picture. See everything. Unify all of it. Integrate it as one.

**Keep your eye single and your whole body and being fill with light.** By the end of the 5<sup>th</sup> day, new light illuminates your inner vision and you see rightly, clearly, wholly and harmoniously. See the darkness in yourself and others, but also see more clearly the I Am Self within you and them. This cosmic view becomes your major judgment: Yes, you and all others have karma to cleanse and balance, but at your core you are a holy, healthy and harmonious child of God; and so is everyone else. No judgment is more healing than this!

**Physician, heal thyself.** Healer, heal thyself. Stop sitting in self-righteous and smug judgment of others. See yourself as you are, filled still with arrogance and self-righteousness, blindness and lack of compassion. Use your sword on yourself first! Cut out your own blindness. Put your own life in order before you offer any judgment, advice or counsel to others.

**Be transformed by the renewing of your mind.** Receive a new image from your I Am Self which forms in your third eye. Hold to this new image until it takes shape within you and your 4 lower bodies. Renew, rehabilitate and restore yourself to your inherent state of harmony, wholeness, oneness, balance, unity and integration. Shine this light on all others. What you see, will be, in your upcoming 7<sup>th</sup> step of being a wise, just, compassionate and truthful judge.
